Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	Stage 1	Stage 2	Stage 3
Actions <i>What does the customer do?</i>	- User opens the portal. - Enters personal and financial details. - Clicks Predict Approval.	- System processes the entered data. - Machine Learning model analyzes the applicant details	- Prediction result is displayed. - User reviews the approval or rejection status
Touchpoint <i>What part of the service do they interact with?</i>	- CreditPulse Web Application - Applicant Form - Predict Button	- Flask Backend - Machine Learning Model	- Result Page - Reset Form Button
Customer Thought <i>What is the customer thinking?</i>	I hope I entered the correct information.	Is my credit history good enough?	- The result is easy to understand. - What should I do next?

	• Will my application be approved?	• How long will it take?	
Customer Feeling <i>What is the customer feeling?</i>	Curious Hopeful	Nervous Expecting quick results	Happy (if approved) Disappointed (if rejected)
