

Project Demo Planning

Date	09 July 2026
Team ID	SWTID-2026-5556
Project Name	Credit Card Approval Prediction
Maximum Marks	1 Mark

Project Demo Planning:

A well-structured demo plan ensures that the team presents the project effectively, covering all key aspects in a clear and organized manner. This document outlines the plan for demonstrating the project, including the flow of the demo, key features to highlight, and responsibilities of each team member.

S.No	Demo Section	Description	Duration (mins)	Responsible Member
1	Introduction	Introduce the project and problem statement	2	Team Member 1
2	Dataset Explanation	Explain the dataset and preprocessing steps	2	Team Member 2
3	Model Development	Explain the machine learning model used	3	Team Member 3
4	Live Prediction Demo	Demonstrate credit card approval prediction	3	Team Member 4
5	Results and Accuracy	Show prediction results and model performance	2	Team Member 1
6	Conclusion and Future Scope	Explain future enhancements	1	Team Member 2

Demo Flow Summary:

Step	Activity	Notes
1	Introduction & Problem Statement	Explain why credit card approval prediction is important.
2	Solution Overview	Describe dataset, preprocessing, and ML model.

3	Live Feature Demonstration	Show user input and prediction output.
4	Q&A Session	Answer questions from evaluators.
